Re: Material Safety of Tree Top Fruit Juice and Fruit Products

To Whom It May Concern:

Tree Top fruit juice and fruit products are considered to be “food”. We are not aware of any chemicals that may be present in these foods that may be hazardous to your health.

Since these products are considered to be “food”, they are exempt from OSHA 29 CFR 1910 (Revised July 1, 1985) and do not require an MSDS (Material Safety Data Sheet). The above information is believed to be correct, but does not purport to be all-inclusive and shall be used only as a guide.

Sincerely,

TREE TOP, INC.
Bonna J. Cannon
Director of Quality and Food Safety
